

EXSM Coin/Card Washer

Wascomat's 65, 80, and 135 lb. capacity EXSM washers are designed for large, family-sized loads. Higher G-force means less drying time, so you'll save big on energy costs. Self-service laundries benefit from a faster throughput — freeing up dryers, folding tables and parking spots — which increases store profits. Your customers will appreciate the fast and superior results!

Wascomat's EXSM coin-op washers with Compass Pro continue our tradition of excellence in technology, design and quality:

- Heavy-duty construction for demanding environments and large loads.
- Low water consumption.
- Efficient frequency-controlled motor reduces peak power demand by 50% for energy savings.
- Soft-grip, slip-lock door handle for safe and trouble-free operation.
- Large door opening for easy loading and unloading.
- Unique 4-compartment supply dispenser lets the customer conveniently load all laundry supplies before starting the wash.
- Easily create custom wash programs.

Features & Benefits:

Wascomat's Compass Pro provides the ultimate in flexibility:

- Customize wash programs to lower costs, and meet customer demands.
- Create fully customized programs for your specific market.
- Heavy Soil and Extra Rinse options increase store revenue & customer satisfaction.
- Display wash program information in two languages simultaneously.
- Value pricing. Set different prices for different wash programs & option keys.
- Library of factory programs with ability to customize
- Real-time clock for time of day pricing

Environmentally responsible.

With more than a century of experience behind every machine, Wascomat's state-of-the-art products are engineered for quality, energy savings, and water efficiency. When you buy Wascomat, you are truly investing in the future of your business.

**220-300 G-force extraction
for speed, performance
and BIG savings.**

Available in 65, 80, and 135 lb. capacity for handling family-sized laundry quickly and efficiently.
